INGREDIENTS

YOU WILL NEED

- Black and white paper
- 2 Toilet paper rolls
- Pair of scissors
- Craft glue
- 1 black felt tip pen
- **Kinder** CHOCOLATE 33% MILK
INGREDIENTS treats
of your choice

DIRECTIONS

Preparation Time: **Approximately 1 hour**

- 1 Print out the following pattern page from these craft Instructions.
- 2 Cut out the (ghost and bat) patterns, then trace around the shapes on your coloured cardboard. Once you have traced the shapes, cut them out. You will need 2 base pieces and 2 body pieces: so you have a white body and base piece, and a black body and base piece. Next cut out the eye, tooth, wing and arm shapes.
- 3 Roll 1 toilet paper roll in white paper, cut it the paper to size then paste it to the roll; to cover the brown cardboard. Now do the same with the other roll, but on the black paper. So you have one black roll, and one white roll. These will form the basis of your ghost and bat.
- 4 Stick the (round) base piece in place: fold the 4 tabs, cover the tabs in paste then stick them to the inside of the bottom of the roll. Now your roll is a cup! Repeat with the other roll.
- 5 Paste the arms, wings, eyes, mouth and teeth onto the rolls, you can use the photo as a reference for where to position each piece. Use your black pen to draw pupils in the yellow bat eyes.
- 6 Now fill the cups with your favourite Kinder treats and you're all done!
