# Growing Bigger Hearts™

*Oamar & Mr. loving bear*

Qamar loves school very much, and to celebrate her successful results at the end of her school year, her mother surprised her with a special present.

"Qamar, how about we go to the toy store and you get to choose any toy you like?".

# العب و أهلام

Qamar was very happy,  
and hurried with her mom  
to the toy store with its  
magical window display.

Qamar started looking at the dancing toy in a shiny dress in the window, a joyful train emitting lovely melodies...

As she was wondering which toy to pick, she saw a little boy standing next to her, staring at one toy only, which was a small soft teddy bear named "Mr. Loving Bear".

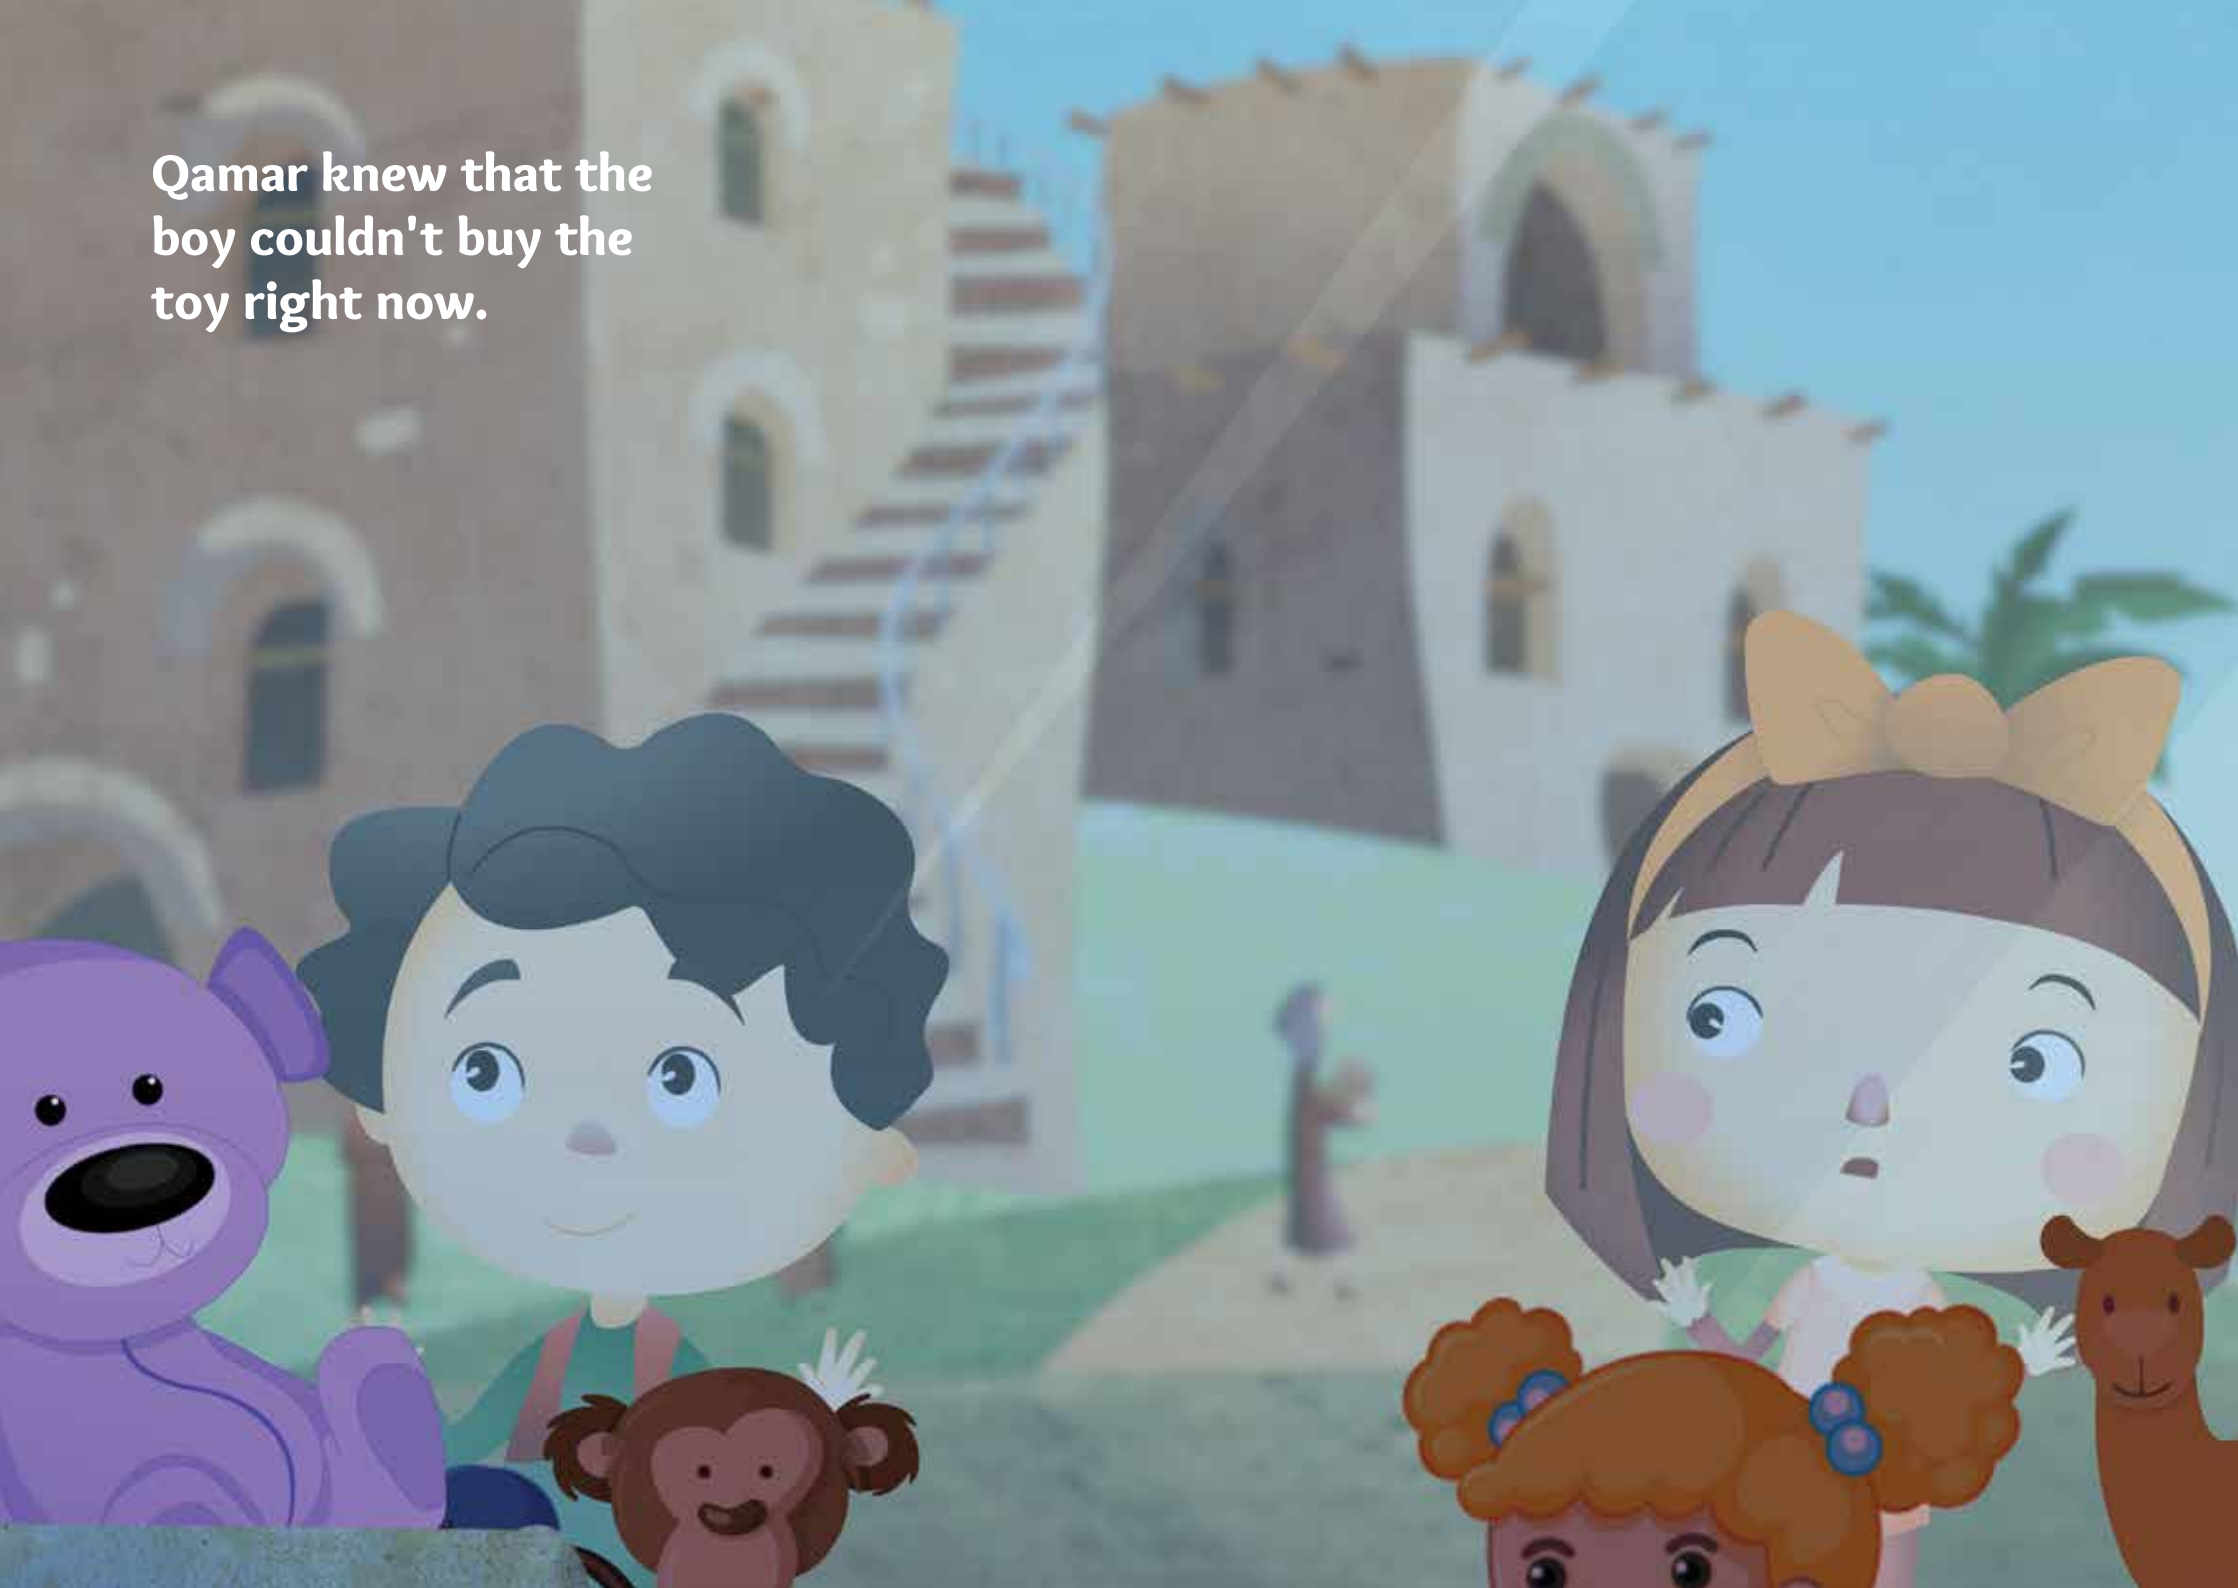

It was as if the bear was calling out the little boy's name...

Mr. Loving Bear was a toy that didn't produce any sounds or move in any way. But it was one that the little boy really wanted to have.

Qamar knew that the boy couldn't buy the toy right now.

She and her mother entered the store, and Qamar picked Mr. Loving Bear without looking at any other toy.

**Qamar's mom was surprised as the bear wasn't vibrant and colorful compared to the other toys. But Qamar was determined.**

As soon as they bought the bear,  
Qamar ran outside and called  
the boy to give him the gift,  
with a big smile on her face.

The boy was overjoyed, and he started playing and dancing with Mr. Bear and Qamar.

And suddenly, Mr. Loving Bear turned into a dancing toy, making sweet melodies as he gained a new owner thanks to Qamar's generosity.

**Qamar walked back home with the best present of all: the joy of making someone else happy. And so a big smile appeared on her face.**

The End

The image features a light blue background with a subtle, textured pattern. At the top, there are two stylized, cloud-like shapes in a slightly darker shade of blue. The word "Kinder" is centered in the middle of the page. The letter "K" is black, while the letters "inder" are red. A small registered trademark symbol (®) is located at the end of the word.
