# NUMBER

MASTERS OF PLAY  
**FESTIVAL**

Count up the different groups of vehicles. The total number of vehicles gives you the answers to the addition and subtraction problems. Can you match the correct answers to the problems? We've done the first one for you. Good luck!

5+2      10-5      8-2      5+6      10-2      1+0      7-4      8+4      6+3      1+3      6-4      7+3

# COLOURING CHALLENGE

MASTERS OF PLAY  
**FESTIVAL**

Help! Our parrot has lost all of its colour. Work out the maths problems on the parrot's body and match your answers to the numbered colours on the right to work out what colours our feathered friend should be. Good luck.
