HELICOPTER

Cut along the lines below, attach your toy and watch it take flight
(scissors can be dangerous, so get an adult to help you cut out the shape below)

INSTRUCTIONS

1. With the help of an adult, cut along the dotted lines of the shape
2. Attach the two ends of the shape together using something heavy such as some sticky tack (see image below)

3. Throw your helicopter in to the air and watch it take flight
